ATAP launches a complete program of STEERING AND SUSPENSION

Inside this issue:

Product Release

Christmas Trading

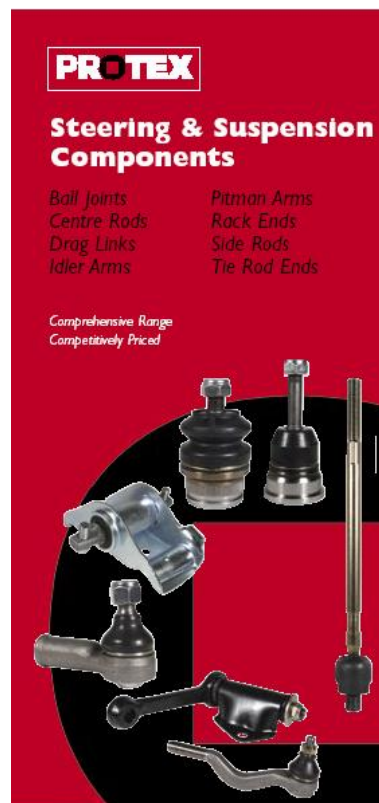

European Cylinder Special

ATAP Contact Details

Protex now offers a comprehensive range of Steering and Suspension components. Competitively priced the range includes ball joints, centre rods, drag links, idler arms, pitman arms, rack ends, side rods and tie rod ends.

Coupled with the recently released range of Noltec Suspension bushes and solutions and ATAP's comprehensive range of Gabriel Shock Absorbers and Struts, ATAP can offer a complete and readily accessible Suspension solution.

Characteristically as with any new program much work has gone into the production of a complete catalogue which is now in the process of being sent out to customers. If you have an urgent requirement or wish to discuss Steering and Sus-

Flyers now available.
