**Price Review Pending**  
 ATAP will be conducting a general price review which will become effective in August.

An exact date will be broadcast on invoices prior to it's implementation.

With the cost of steel and copper at an all time high most products will be effected.

Please advise your ATAP representative of your price list requirements.

**Steering and Suspension Promo**  
 ATAP will be running a Steering and Suspension promo commencing in August, details to be advised.

Just spend \$200 on one invoice on steering and suspension products and you will receive a virtually indestructible, Super bright L.E.D. "Suspension Inspection Light".

Great for getting into those hard to reach places around the suspension.

The light is branded in the Gabriel, Noltec, TRW and Protex logos.

Please contact your local ATAP office for further information regarding this new promotion.

## Noltec Range Expansion

### Commodore Engine Mounts

Noltec have developed a short range of engine mounts that cover all V8 Commodores from VB to VZ. These mounts utilise Noltec's 'Advanced Polyester Technology' with robust steel components and specialized bonding techniques which deliver a flexible and absorbent mount under low acceleration loads and by adding a 'gate' design concept, the mount locks and becomes a solid under

heavy acceleration loads. By locking, the mounts restrict torque roll and prevents further loss of power output. All of the mounts from the Noltec range incorporate this gate or 'Torque motion Restrictor'

## ATAP Staff

**CONGRATULATIONS!!** 14th of June.  
All at ATAP would like to congratulate Steve Vorwerk on becoming a proud dad.  
Steve's partner Jen gave birth to a baby boy Mathew on the 14th of June.  
Mathew weighed in at a healthy 8.8 pounds.  
Jen and Mathew are now home and doing well and Dad is lacking a lot of sleep!  
Steve and family

would like to thank everyone for their awesome support.
