Protex Shocks & Struts 1

Protex Water Pumps 1

Protex Stiffy Merchandisers 2

ATAP Staff 2

ATAP Warehouses 2

Quality materials and state of the art technology in design and manufacturing ensure Protex Shock Absorbers & Struts provide customers with stable, comfortable and safe driving experience for all road conditions. Protex Shocks and struts are available for popular vehicle applications.

Features include

- Hardened chrome plated piston rod

- Multistage rebound and compression valves.
- Seamless end eye-rings
- High quality rubber bushings
- Packed in distinctive Protex packaging
- All whether oil
- Multi-lip superior quality Oil Seal
- Quality materials and constructional features minimize breakage and leakage.
- The pressurised gas charged shocks provide even better riding experience as the charged nitrogen gas reduces the aeration or foaming that optimises the performance and durability

For application listing details or further information contact your local ATAP office.

INTRODUCING *Protex Water Pumps*

We are proud to launch our new range of **Protex Water Pumps**.

Protex Water Pumps are sourced from quality accredited suppliers and are available to suit all popular cars in Australia.

All Water Pumps are supplied with the necessary gaskets and fittings and all come with a 12/20 Warranty.

The addition of Water Pumps to

our Protex range gives our customers a fuller range of relevant products.

All new up to date catalogues are also available.

For any further information on ATAP's new product ranges please contact your local ATAP office.
