

INTRODUCING ALL NEW PROTEX SHOCK ABSORBERS & STRUTS

Quality materials and state of the art technology in design and manufacturing ensure *Protex Shock Absorbers & Struts* provide customers with stable, comfortable and safe driving experience for all road conditions.

- Hardened chrome plated piston rod
- Seamless end eye-rings
- Packed in distinctive Protex packaging
- High quality rubber bushings
- Temperature stable, low friction oil
- Multistage rebound and compression valves
- Multi-lip superior quality oil seal
- Quality materials and constructional features minimize breakage and leakage
- The pressurised gas charged shocks provide even better riding experience as the charged nitrogen gas reduces the aeration or foaming that optimises the performance and durability
